Please check off below if you are interested in attending one session of the wet lab during the Shelter Medicine Forum for the Public. The first 36 registrants will be assigned a wet lab time. If there are multiple attendees from your shelter, clinic or practice, please assign only one person to attend the wet lab.

Sponsored by

Please share and/or photocopy this brochure for clients and members of the public who have an interest in Shelter Medicine.

Our Speakers

Kelley Bollen, MS, CABC is the owner and director of Animal Alliances, LLC - Companion Animal Behavioral Services. Ms. Bollen has a Master's Degree in Animal Behavior and is a Certified Animal Behavior Consultant (CABC) and a clinical member of the International Association of Animal Behavior Consultants (IAABC). She is also a professional member of the Association of Pet Dog Trainers (APDT). Her goal as a companion animal behavior consultant is to improve the human-animal bond by increasing her client's understanding of animal behavior and behavior modification.

Prior to opening Animal Alliances, Ms. Bollen served as the behaviorist for the Massachusetts Society for the Prevention of Cruelty to Animals (MSPCA). During the four years she spent with the MSPCA, she implemented many programs including temperament evaluations of shelter dogs, behavioral and environmental enrichment for all the animals at the shelter, clicker training programs to decrease stress and increase adoptability for both dogs and cats, and educational programs for staff, volunteers, local animal control officers, and the general public on animal behavior related issues. Additionally, she handled a behavior help line which fielded over 100 calls per month and conducted private behavior consultations for both adopters and the general public.

Kelley Bollen is dedicated to improving the quality of life for all animals and she is passionate about sharing her knowledge of animal behavior with the humans who live and work with them.

Lynne Seibert, DVM, MS, PhD, Diplomate ACVB received her DVM degree from the University of Tennessee, and has practiced in a variety of general, emergency, and specialty practices over the past 15 years. She completed Masters and PhD degrees in psychology at the University of Georgia, with a focus on social behavior, psychopharmacology and compulsive disorders. She also completed a residency in behavioral medicine at the University of Georgia leading to board-certification with the American College of Veterinary Behaviorists. She is currently serving her second elected term to the Board of Regents for the ACVB. She owned and operated a behavior referral practice in Seattle from 2003 until 2008, and currently mentors a behavior resident. She has also served as adjunct faculty in psychology at Antioch University Seattle and served as adjunct faculty at the University of Tennessee College of Veterinary Medicine from 2002 until 2006. She is the author of numerous articles and book chapters and is currently a veterinary technical consultant for Elanco Companion Animal Health, a division of Eli Lilly. Dr. Seibert lives with her terrier, Laylee, blue and gold macaw, Virginia, rose-breasted cockatoo, Jerome David, Moluccan cockatoo, Grace Harper, blue-headed pionus, Ernest, Senegal, Charlotte, and two cats, Oliver and Sylvia.
